

STRETEM ROD BLONG JASTIS VANUATU LAW AND JUSTICE PARTNERSHIP

CASE AND DATA MANAGEMENT ADVISER

The governments of Vanuatu and Australia have established the Vanuatu Law and Justice Partnership - **Stretem Rod Blong Jastis** (Partnership) - which commenced in March 2012. The Partnership, managed by GRM International, seeks to strengthen the law and justice sector as a whole and also to build the capacity of agencies in the formal justice sector.

GRM International are seeking a **Case and Data Management Adviser** (Adviser) to support the Ministry of Justice and Community Services, in collaboration with the Office of the Government Chief Information Officer, to assess the quality of current case and data management capacity across the government agencies of the sector and to develop a business plan and high level, staged strategic IT plan for the incremental progress towards a computerised, cross-agency, stream-lined and web-enabled law and justice case management platform.

Key deliverables of the Adviser will include (but are not limited to) the following:

- A written diagnostic assessment of the data and case management systems within the law and justice sector.
- A report and presentation on international best practices and trends of case management and ICT usage within the justice sector in developing and developed countries.
- A high level strategic ICT plan for the law and justice sector.
- Terms of reference for a subsequent "detailed requirements analysis project" to be undertaken by a specialised firm.

The Adviser will be engaged on a short term basis for a total of **90 days** and will be remunerated in line with AusAID's Adviser Remuneration Framework (Group D, Level 4). The Adviser will be based in Port Vila, Vanuatu for the majority of the 90-day consultancy.

To view a full copy of the Terms of Reference for this role, including selection criteria and application details, please visit the GRM International website at:
